## CAREER OBJECTIVE

As a Computer Science student, I aim to leverage my skills in development to contribute to impactful projects. I am passionate about continuous learning and growth as a developer. Working collaboratively in team environments motivates me to deliver meaningful results.

## INTERNSHIP

**Vealthx** :
- Designed a user-focused website for Vealthx, a fintech company, using Figma for creative prototyping. Developed the site in React.js, enhancing its functionality, responsiveness, and user experience.

## EDUCATION

| | | |
|---|---|---|
| **Bachelor of Engineering in Computer Science**<br>Basaveshwar Engineering College, Bagalkote | CGPA: 7.09 | 2021 - 2025 |
| **Intermediate (PUC)**<br>Royal Palace Pu College, Jamkhandi | Percentage: 78.166 | 2019 - 2021 |
| **10th Grade**<br>Tungal School, Jamkhandi | Percentage: 77.44 | 2018- 2019 |

## PROJECTS

**Crypto Bucks:** [Live Link]
- Developed a crypto website using React.js with dynamic data fetching and real-time price graph integration.
- Demonstrated strong React skills by implementing routing, API integration, and user-friendly data visualization.

**CloudDefender:** [GitHub]
- Developed a web application that integrates AWS WAF for enhanced security, including VPC, EC2, and load balancer configurations.
- Implemented Web ACLs, custom rules, and CAPTCHA to block and allow HTTP requests, ensuring robust protection against malicious traffic.

**BEC IEEE Student Branch Website:** [Live Link]
- Built a modern, interactive platform to showcase the branch's activities, achievements, and events with seamless navigation, engaging visuals, and user-friendly functionality.
- Enhanced visual appeal and interactivity using advanced animations and 3D elements.Technologies Used: React.js, GSAP, Tailwind CSS.

**These projects highlight my proficiency in React , demonstrating my ability to deliver innovative and user-friendly solutions.**

## TECHNICAL SKILLS AND INTERESTS

- **Programing language :** C ,Java ,Python
- **Front-end Technologies :** HTML ,CSS ,JavaScript ,React js
- **Database :** SQL
- **Design Tools :** Figma ,Canva
- **Cloud :** AWS (basic)
- **Soft Skills :** Debugging, Teamwork, Time Management, Team Leadership

**These skills showcase my versatility in programming, front-end development, database management, cloud basics, and design, along with strong teamwork and leadership capabilities.**

## AWARDS/ACHIEVEMENTS

- Pursuing a Minor Degree in VLSI Design - MOOC
- BEC IEEE SIGHT Vice Chair

## ADDITIONAL INFORMATION

- **Languages**: English, Kannada, Hindi
- **Certifications**: Certificate in Internet of Things (IoT) from NPTEL. [Link]
